EVERY TRAVELER A KNOCKER—SOUNDS BAD!

The lack of a modern hotel in Mt. Sterling has caused practically every traveling man that visits this city to become a knocker instead of a booster for Mt. Sterling. How do you like the prospects, and do you think their influence counts for much? Their first thought upon reaching Mt. Sterling is, "When is the next train out." We know of no set of men that have more to do with the building up or running down of a community than the traveling men, and under conditions as they exist today, they cannot have a kindly feeling toward our city. What are we going to do about it? We have been informed by President Hoffman, of the Chamber of Commerce, that a large hotel constructing company was willing to come here and erect a modern hotel, providing local people would take two-thirds of the stock. Are we willing to let propositions like this go by without even a hearing? CAN IT BE THAT MT. STERLING IS SO DEAD THAT NOTHING CAN BE ACCOMPLISHED WITHOUT THE ENDORSEMENT OF CERTAIN POLITICIANS? If so, the sooner the burial ceremony is performed the better.

ARMISTICE DAY

Two years ago today the armistice was signed ending the great world war between Germany and the Allies. Today America will celebrate in various ways the signing of the document which terminated the great conflict that brought agony to many and riches to few. America is now in a position to dictate terms for an international agreement to put an end to war and establish peace on earth for ages to come. Armistice Day will be meaningless unless it expresses the wish of the American people for the realization of humanity's hope for release from the burdens and sufferings of war. While celebrating the happy event let's be mindful of those who lie in Flanders Field.

NOT SATISFIED

It has been given out from Washington, D. C., that railroads are not satisfied with the bulk of their earnings and will most likely increase their rates in order to declare 6 per cent dividends. Poor Jones, he pays the freight.

GERMANY A POWDER KEG

It is said that conditions in Germany between Germans is deplorable and that a spark is sufficient to bring about civil war. If the common sense of the German people is not exercised, then a civil war seems inevitable.

School Fair

The Camargo School Fair, which was held at the Camargo Consolidated School on Friday, November 5th, was decidedly the best event of its kind ever held in the county. School fairs are an innovation in this county, but notwithstanding the fact that this was the first ever held at Camargo, visitors and patrons alike join in pronouncing it a success from every point of view.

The forenoon was given for the visitors to look at the exhibits. At 11 o'clock the spelling match began and lasted until noon, when Miss Stella Wilson, of the Sophomore Class, finally out-spelled her classmates and won the prize of \$2.50. After the spelling contest was decided a sumptuous luncheon, furnished by the patrons and served by the girls of the Domestic Science Class, was furnished to all present.

The afternoon program consisted of a series of drills, dialogues and musical numbers in the following order:

"Quail Song" - Intermediate Class
Battle Hymn - School
Flower Drill - Primary Room
Piano Solo - Lena May Treadway
Flag & Searf Drill - Grammar Grade
Violin Solo - Cecil Long
Sister Miranda's -

Callers - Freshman Class
Moving Day - Sophomore Class

"Sister Miranda's Callers," written by Miss Gillian Daniel and staged by her and her classmates, won the premium of a half-day holiday offered for the best number. All of the number, however, were excellent. The Sophomore stunt, which was a "take-off" on the faculty, the trustees, the county superintendent and the truant officer, was one of the most laughable dialogues ever given. The Flag and Searf Drill by the Grammar Grade, was also well drilled and worthy of

special mention.

The exhibits included class work, maps, free hand drawings, hand-work, and domestic science work, besides many agricultural products. About 120 blue and red ribbons were given.

This fair is a challenge to all the schools of the county. It shows what can be done when patrons, pupils and teachers unite in an effort to boost the school and make it an institution to be proud of.

We are now ready to receive turkeys, and will guarantee the highest market price. (6-3t)

G. D. SULLIVAN & CO.

BOOM! BOOM!

That was the noise from the many "guns" pointed at the fleeing rabbits this day making their escape from the Bourbon and Montgomery American Legion societies.

The Legionnaires had lots of fun, delightful lunch, enjoyed the camp-fire reminiscences, the open-air inflations, and the amusing turns and twists of the many fleeing mollies. The number slain will be given in our next issue, with a full account of the joy-day.

Army Goods
